Letter from the City Manager

Dear Mill Creek Residents and Community Members,

As the return of summer brings sunshine and activity to our beautiful city, I am delighted to share an update on our many recent accomplishments. Each day, I set a goal to make the day better than the last, which includes staying the course and rebuilding core operations brick by brick. We are executing the City's long-term goals set by our City Council in 2024, and Mill Creek continues to grow as a thriving, connected, and innovative community. I am proud to celebrate these milestones with you.

Enhancing Public Safety

My priorities include ensuring public safety and building a reputation that resonates across our region. Our Police Department is operating at nearly full strength, and all officers in training during the first quarter of 2025 have completed their training. This milestone strengthens our ability to ensure the safety and security of all residents, businesses, and visitors. There is now an increased police presence across our city, and data shows that traffic initiatives are successful as we continue to conduct targeted campaigns focused on speeding, DUI, distracted driving, and pedestrian safety.

Smart Investments in Infrastructure and Advancing Technology

This year, we are working on implementing cutting-edge technology and software data systems designed to improve service delivery and streamline the City's core operations. Whether it's immediately identifying stolen vehicles, reducing wait times for permit processing, or expanding online resources for residents, these advancements will ensure Mill Creek remains a City of the future.

Fiscal Stewardship and Planning for the Future

We began the year in a strong financial position. As we continue long-term planning, there will be challenges as operating costs will continue to increase, and we will continue to make thoughtful investments while safeguarding our City's financial health. As we look ahead, we're working diligently on sustainable revenue and efficiency solutions to address projected budgetary challenges by 2028. Your input and collaboration will remain crucial as we navigate these decisions together.

Welcoming New Faces

This Spring, we hired two new maintenance and operations staff members, who bring new energy to the team and are helping drive our commitment to excellent service in our community. These additions reinforce our City Council's support for a well-maintained City that meets the needs of our growing community.

Bright Future Ahead

We have a bright future ahead, guided by our 2040 Vision and the City Council's strategic priorities. We remain focused on initiatives that enhance quality of life, support our local economy, and prepare for tremendous growth. Whether it's improving our economic footprint, exploring new ways to service our community, or expanding recreational opportunities, the future is bright for Mill Creek.

Community Engagement: Enjoy Our Mill Creek Summer

The return of popular summer events and festivals will bring the vibrancy and excitement back to our streets. From Concerts in The Forum to Girls on the Run, these gatherings showcase the spirit of connection and collaboration that make Mill Creek a special regional destination. As you enjoy summer, please take advantage of the many events sponsored by our City, Chamber of Commerce, and partners, and share your thoughts by taking our 2025 Annual Performance Survey. You can find more information on events and the survey in this guide, or by visiting the City's newly developed website at millcreekwa.gov/events. These achievements would not be possible without the support of our residents, businesses, and dedicated City staff. I am deeply grateful for your engagement and partnership in shaping the future of our community. Together, we will continue building a City we are proud to call home.

Warm regards,

Martin Yamamoto

Ballet

Classes encourage imagination, socialization, and discipline in a fun way. Families are encouraged to watch students inside the studio on the last day of class for an "Observation Day." The class curriculum changes each session. Instructor: Kelly Hui. Please wear athletic clothing such as a leotard, leggings, t-shirt, shorts, and bare feet. Children of all abilities are welcome.

Creative Ballet, Ages 3-4

Ballet gives children good posture and graceful movement. Young dancers gain greater body control to create shapes and lines, and dance to rhythm and music.
